

Post Tour Cycle Summit – Zurich and Region **October 15–17, 2024 – 8 people**

Zurich unites creative city life and idyllic scenery within the smallest of areas. Art connoisseurs and culture enthusiasts have over 50 museums and more than 100 galleries to choose from, while inquisitive city explorers can discover the striking contrast between the picturesque Old Town and the modern, constantly changing urban quarters. Nature lovers seeking fresh air and green open spaces will delight in the city's location directly by the lake, in its abundant expanses of forest and parkland, and in its very own mountain, the Uetliberg. In addition, the vibrant nightlife, offering the widest choice of entertainment facilities in Switzerland, is perfectly suited to night owls and the young-at-heart.

A short – but thanks to the electrically generated power – effortless climb takes them up to the Rigiblick funicular, where they can enjoy a breathtaking view over downtown Zurich. Subsequently, the route heads back down the hill through pretty residential quarters to the lake, passing many of Zurich's main sights – including the University and the Grossmünster – on the way. Back on level ground, it continues along the picturesque shores of Lake Zurich to the landing stage at Enge harbor. Finally, the route leads along safe bike paths through the Kasernenareal and back to the starting point at Europaallee.
